

# Tumaini Children's Home

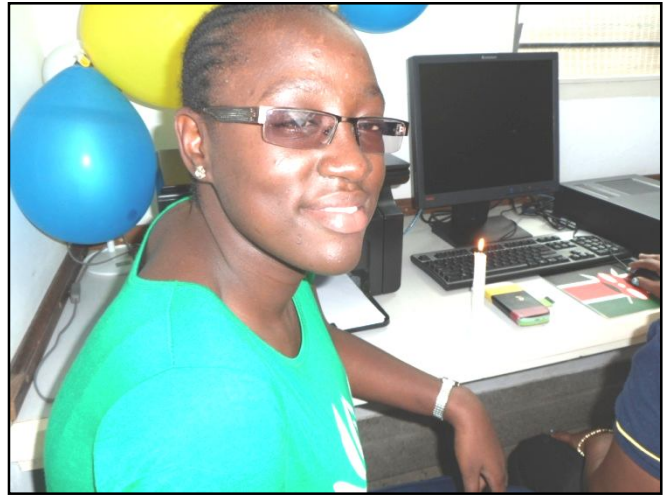

## Study Room Commissioned

The Tumaini Homes of Hope, UK provided £29,388 in 2013 for refurbishment of the home. Major works were carried out as per schedule of works totalling Kes. 5+ Million. The children have since enjoyed an excellent environment to live in. The last room on the first floor which was being used as storage was cleaned out and refurbished into a study room.

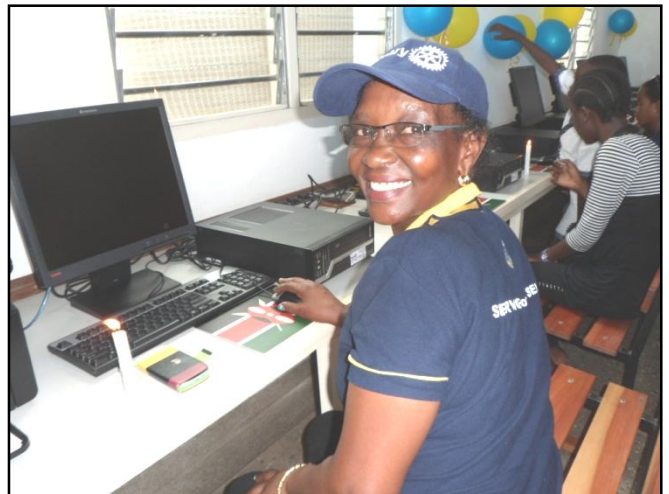

Seen above the refurbished study room with specially designed computer table running the length of the room and benches for the children. 8 computers connected through one 2KVA UPS with internal wiring and also protected by an AVS with a 3 in 1 printer seen in the extreme left will enhance performance for the children.

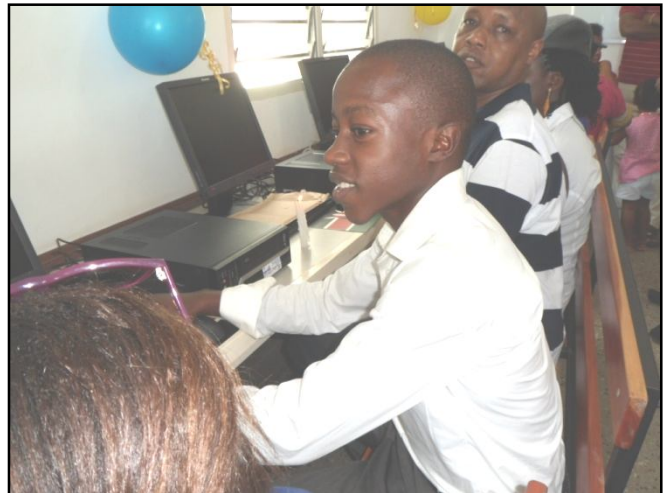

Before cutting the tape Ms. Lydia Mutisya said a prayer which was so touching as she did it at the spur of the moment. Below Club President Florence Kirimi, Trustees Chair Dr. Uma Nathwani, Dr. Varinder Sur, Past President Jayne Githere and Ms. Lydia Mutisya cutting the tape to commission the study room.

Happiness was exuberating as seen above Ms. Lydia Mutisya and below Rotary Club President Florence Kirimi as they switch on the computers and light a candle to "Light Up Rotary & Tumaini Children's Home".

Below Christopher switching on a Computer.

Before commissioning the Study School and the Tumaini Clinic. Below Trustee Varinder explaining what the Humalyzer 2000 can do. This laboratory was also a Joint Project of Rotary and Tumaini Germany Trust. It is here that Annual Comprehensive Medical Examinations of the children undertaken and extrapolated on a single page spread sheet.

After commissioning the Study Room the children and all guests assembled upstairs on the terrace. The children presented 3 poems. They started with "When you are happy – clap your hands". They then recited a poem on "Environmental Preservation" and finally on "Drug Abuse". Their performance was par excellence and applauded by all present as seen below.

This was followed by formal speeches. Mr. Mark Kayanda gave a brief on the Home, The Sirio School, Tumaini Out-patient Clinic and Tazama Vocational Centre. He stressed on the diligence of the staff and the care they provide to the children which has made a significant difference to the lives of the children. Rotarian Jayne Githere gave a brief of the project having received US\$ 1,720 from Rotary Foundation District 9212 Grant. The Club added US\$ 500 to help purchase all the items. Also donated were 100 packs of Sanitary Towels for senior girls which should be sufficient for a year. The girls were later given a lecture on its usage and care. Many more items were donated including a TV, Video and DVD from Dr. Sur's family for use in the dormitory for younger children

with a play area created for them. Seen below Dr. (Mrs) Sur talking on the goodies.

Interactor Tatiana Bryant also made presentation of books and games to the senior children.

Rotarian Fawzia Kamto with her daughters on her left and new Rotarian Naomi on her right just before lunch. She brought all the ingredients to make a sumptuous beef Pilau for all the children, staff and Rotarians. She also brought vegetarian food. Two cakes and ice cream were also served to all. Trustee Chair Dr. Mrs. Uma Nathwani passed a vote of thanks to all. She had seen the difficulty the laundry is having and ended the day donating a 14kg Samsung Washing Machine for which everybody was delighted.
